In light of the

hearing, this motion
is DENIED without

LR 7.01 MOTIONS to Ascertain Status of Case

This motion is to find out what the case status
and court date is for case number 00089 currently
under review at this time. And to make sure that
this honorable court has received my "forma pauperis"
papers that I have sent to your honor. There is
video and D-Board Audio tapes that are important
to this case that serves as evidence along with statements
that was made by officers that are all time sensitive
and that could be destroyed. My understanding is
that they at "Sheriff's Department" only keeps the audio and
video's for a certain amount of time and this evidence
is very important to prove that the incidents that
are mentioned in this civil suit did take place as I
have said they have. So it is with that this petitioner
hopes and prays that your honorable judge answers this
motion just so that I can obtain this vital evidence on
the assault that occurred on November 16, 2011 at approx
10:35 AM in the Maury County Jail maximum security
